ATTRACTIONS

www.terracebay.ca/attractions

Aguasabon Falls & Gorge

The Aguasabon Falls and Gorge are located one km west of the Tourist Information Center in Terrace Bay. From Highway 17, follow the signs to a parking lot at the falls. From the parking lot there is a boardwalk out to a viewing platform overlooking the gorge and the spectacular 100 foot falls that are flowing into the gorge from the left. The Aguasabon Falls and Gorge features a large turn-around parking lot, picnic tables and washrooms. The boardwalk to the observation deck is wheelchair accessible and serves as an entrance point to the 52 km Casque Isles Hiking Trail.

Aguasabon Golf Course - www.terracebaygolf.ca

This challenging nine-hole golf course features amazing scenery that borders the winding Aguasabon River and skirts Terrace Bay beach. Tee off times are not required as there is usually no more than a 10-15 minute wait, however you should call ahead to ensure a tournament is not scheduled. Following a round of golf, you can relax in the clubhouse, which offers a full service restaurant, licensed bar, basic pro shop, and elevated patio deck with a view of the course and Lake Superior. The course also features a driving range, putting green, powered gas cart rentals, golf club and pull cart rentals.

Casque Isles Trail

The Casque Isles Hiking Trail is a 52.4 km hiking trail from Terrace Bay to Schreiber to Rossport. The Casque Isles trail is well signed, well groomed and offers many campsites to accommodate the numerous visitors who are attracted to the rugged beauty of Lake Superior. The trail follows the shoreline of Lake Superior, hopping from bay to bay, and is divided into five units, with different access points from Highway 17. These units vary in hiking time and difficulty so that both the advanced and amateur hikers can enjoy the scenery. For more information, visit www.terracebay.ca or the Tourism Information Centre for maps.

Terrace Bay Beach

This huge sandy beach on Lake Superior offers something for everyone like walking the beach, having a picnic, or taking in the beautiful Lake Superior waves. The beach area also features a boat launch which can accommodate boats with a draft of three feet or less, and there is a ramp for launching boats up to 22 feet in length. Terrace Bay Beach has an access point to the Casque Isles Trail and all season washrooms. Visitors can also see the majestic Aguasabon Rivermouth.

Terrace Bay Lighthouse and Downtown Shopping Area

The Terrace Bay downtown was given a Lake Superior makeover in 2011 as part of the \$3 million downtown revitalization project. The downtown features some of the shops and restaurants that make Terrace Bay great. The area also features a 50 foot lighthouse to climb and take in the incredible views of Lake Superior and the Town. The lighthouse is based on a replica of the tallest lighthouse on the Great Lakes at the Slate Islands Provincial Park. It has a realistic winding staircase that lead to an observation deck with a coin operated viewing scope to see if you can pick out a caribou at the Slate Islands shores. See the gorgeous landscaping and talk to the friendly shop owners before taking in a delicious meal at one of the local restaurants.

The Slate Islands Provincial Park

The Slate Islands Lighthouse is the tallest on Lake Superior standing 224 feet above sea level

The Slate Islands Provincial Park is one of the jewels of the North Shore of Lake Superior! It is made up of two main islands, five minor islands and numerous islets located 11km across Lake Superior from Terrace Bay Beach. The islands are believed to have formed over a billion years ago when a huge asteroid smashed into the earth. The meteor strike has left the Slates with a 10m long shattercone rock formation, which is believed to be the largest of its kind in the world.

The islands cover 36 square kms and are accessible by boat or plane, usually from Terrace Bay or Rosspport. The islands are populated by a variety of species, most notably, the concentrated presence of Woodland Caribou, whose ancestors crossed from the mainland on winter ice in 1907. The Caribou are lucky to be free of predators on the island and are so used to humans they will wander into camp sites and eat right out of your hands. The Slate Islands also feature the highest lighthouse on the Great Lakes and visitors enjoy the hike up to the lighthouse to and views of Lake Superior. Visit the Charter section for information on visiting the Slate Islands.

The Red Dog Inn is a newly renovated facility with a fully licensed dining room located in the centre of Terrace Bay beside Simcoe Plaza on Highway 17 and a Pizza Hut. The Inn features 41 rooms on two levels with some smoking rooms available. The rooms are air conditioned and wheelchair accessible through the back of the building.

Rainbow Falls Provincial Park – Whitesand Lake and Rosspport

Rainbow Falls Provincial Park is located on Highway 17, 26 kilometers west of Terrace Bay. Visitors have two sites to choose from; Rainbow Falls, which is located on Whitesand Lake, and Rosspport campground on Lake Superior. Whitesand Lake includes 113 tent and trailer sites, 28 of which have electrical hookup, while Rosspport has an additional 40 sites, with 16 including electricity. For the adventurous visitor, there are three trails to explore within the park, as well as a segment of the Casque Isles Trail. Canoeing is another popular activity at the park. Whitesand Lake has sand beaches for swimming as well as a boat launch. Visitors can rent canoes and paddle boats from the park for a day of paddling or pedaling. Whitesand is home to good populations of smallmouth bass, while the Whitesand River is the place for rainbow and speckled trout in spring and steelhead during the fall run. For more information, call 1-807-824-2298 or visit www.ontarioparks.com.
